BIG RAILROAD SUIT.

Long Litigation Promised, as Millions Are Involved.

A RECEIVER ASKED FOR.

The Louisville and Evansville and St. Louis Consolidated Company Said to Be Hopelessly Insolvent—Hunter Accidentally Shot—Farmer Killed by a Train. Other Happenings Within the State.

INDIANAPOLIS, March 10.—Three complaints were filed yesterday in the United States circuit court by the American Loan and Trust company and Noble C. Butler against the Louisville and Evansville and St. Louis Consolidated Railroad company, Edward O. Hopkins and James H. Wilson receivers, the New York Security and Trust company and E. P. Paxton and Henry Reis, trustees.

The complaints set forth that the defendant on Oct. 20, 1886, delivered to plaintiffs a first mortgage covering all of its railroad in consideration of \$2,000,000, and that on the same date a second mortgage was issued on the same property for \$3,000,000 of 50-year gold bonds. In 1889 defendant entered into consolidation with several other railroad companies, and in July, 1889, the Consolidated railroads issued another mortgage to secure an issue of \$8,000,000 of 50-year gold bonds.

Complaints set forth that the Consolidated mortgage is a third mortgage. E. O. Hopkins and J. H. Wilson were appointed receivers of the Consolidated road in 1894 in a foreclosure suit, in which the New York Security and Trust company was complainant.

The bill sets forth that the Louisville and Evansville and St. Louis Consolidated company is hopelessly insolvent and asks for a receiver. The case will be heard April 6.

LAFORTE, Ind., March 10.—Hand Brothers of Argos have succeeded in propagating a new species of fruit. They have developed what they call cranberries, a fruit in many respects resembling the cranberry, not only in appearance but in flavor. The plant is an upright, vigorous grower, rich in foliage and very prolific in fruit.

Six Sons as Pallbearers.

MOORESVILLE, Ind., March 10.—The burial of the remains of Mrs. John R. Sellers, who died on Friday, occurred yesterday, and an unusual and affecting scene was her six stalwart sons acting as pallbearers. Among the sons is A. H. Sellers, city passenger agent of the Lake Erie and Western Railway company at Indianapolis.

ITALY'S NEW MINISTRY.

General Ricotti Succeeds in Forming a Cabinet With Rudini as Premier.

ROME, March 10.—After a long conference with King Humbert, General Ricotti agreed to form a new cabinet, and has succeeded in doing it. He himself yielded the premiership to Marquis di Rudini, taking the portfolio of war himself. The cabinet now constituted is as follows:

Marquis di Rudini, prime minister and probably minister of the interior. General Ricotti, minister of war. Signor Brin, minister of foreign affairs.

Signor Pirazzi, minister of the treasury. Admiral Ruchin, minister of marine.

Signor Guicciardini, minister of finance. Signor Granturco, minister of justice.

The ministers of commerce, public instruction, public works and posts and telegraphs are still vacant.

The Marquis di Rudini was premier from Feb. 6, 1891, to May 5, 1892. During this time occurred the trouble with the United States, growing out of the lynching of a number of Italians at New Orleans. Then, as now, the marquis succeeded Signor Crispi as prime minister, the latter having been overthrown on the financial question.

New Danger Threatened.

ROME, March 10.—Another danger now threatens the government. Dispatches from Milan and Florence announced a very threatening state of affairs among the troops in garrison in those two cities. The soldiers became so excited by the attitude of the populace that they broke out into open mutiny and started to leave their quarters and join the rioters. With difficulty the officers in command succeeded in calming the soldiers, and, according to last reports, it was believed the danger had been passed.

Official Reports of the Battle.

ROME, March 10.—The official reports of the battle fought on March 1 between the Italians and Abyssinians at Adowa confirm the previous reports of the heavy losses on both sides, those of the Abyssinians having been enormous. General Arimondi was wounded and is a prisoner in the hands of the Abyssinians. In obedience to the order of General Baldissera, Kassella has been evacuated by the Italians.

Withdraw the Troops From Africa.

LONDON, March 10.—A dispatch from Rome to The Central News says that the Marquis di Rudini, upon accepting the premiership, announced his own views, favoring the withdrawal of the Italian troops in Africa within a limited sphere. General Ricotti, minister of war, the dispatch says, has also abandoned his proposed reduction of the army corps.

OHIO REPUBLICAN CONVENTION.

National Delegates Selected Before the Convention Meets.

COLUMBUS, O., March 10.—The Republican state convention assembled in this city at 3:30 p. m. this afternoon to nominate candidates for secretary of state, member of board of public works, judge of supreme court and dairy and food commissioner and to select four delegates at large to the Republican national convention at St. Louis. It is practically settled that Governor Bushnell, Senator-elect Foraker, Congressman Grosvenor and Hon. Mark Hanna will be the delegates at large. All are pledged for McKinley for president, although Grosvenor and Hanna represent McKinley more particularly.

The principal fight on the state ticket is for dairy and food commissioner. There are a half dozen candidates for the nomination and they are waging a double fight against Dr. McNeal, the present commissioner, who is asking for a third term, by supporting the candidacy of Judge Stillwell for member of the board of public works. Judge Stillwell is from the same county as Dr. McNeal, and his nomination would bar Dr. McNeal.

The only candidates for secretary of state are Hon. E. W. Doty of Cleveland and Charles Kinney, chief clerk of the office under its present incumbent. A dark horse is said to be grooming for the place.

Peculiar Proceedings.

ZANESVILLE, O., March 10.—All the inmates of the workhouse have been vaccinated as a result of the escape of Eugene Taylor, a lad living in one of the houses quarantined on account of smallpox. His mother had nursed one of the patients before the nature of the disease was discovered and the house was quarantined for this reason. Taylor ran the blockade Saturday night and was having a good time when captured. He was fined \$50 and was sentenced to the workhouse till it should be paid. After sundry conferences between the workhouse authorities and the board of health he was admitted.

ST. LOUIS, March 10.—Three men are dead and one more is not expected to live as the result of Sunday night's collision on the St. Louis and Kirkwood electric line. Fifty more are more or less seriously, but not fatally injured. The dead are: Richard Lamagan, insurance agent, St. Louis; James A. Jones, claim agent, Missouri, Kansas and Texas railway, and J. H. Aiken, motorman, car No. 3, eastbound.

DOVER, N. H., March 10.—Chief Justice Charles Doe of the supreme court of New Hampshire was stricken with paralysis in the depot at Rollinsford yesterday and died almost immediately.

SPANISH DISORDERS.

Another Disgraceful Occurrence at Bilbao.

TWELVE THOUSAND TOOK PART.

Indulge in Violent Conduct and Are Finally Beaten Back by the Police With Swords. The United States Consulate Protected in Time Troops Ready For Action. Reports From Other Places.

BILBAO, Spain, March 10.—There was another anti-American riot here yesterday and it was of greater importance than the previous so-called patriotic disturbances caused by the action of the congress of the United States in regard to Cuba. About 12,000 people took part yesterday afternoon in the popular demonstration. The excitement was started by a group of young men at a street corner who began cheering every soldier who passed by. Their conduct was soon imitated by other groups of people until every soldier seen was cheered by the crowds, and some musicians who refused to repeat the national anthem were hustled, beaten and otherwise maltreated.

The excitement increased and riotous groups formed in the main streets cheering for Spain and denouncing the United States. The authorities did everything possible to maintain order. Almost the entire police force was turned out as the populace assumed a threatening aspect, and the rioters were dispersed again and again. Eventually, however, the mob became so numerous and excited that the police were almost helpless.

After the first demonstrations of sympathy with the army the crowds had armed themselves with sticks and cudgels, and their numbers were so great that the police were swept aside, and an immense crowd gathered on the leading thoroughfares and marched toward the residence of the United States consul, shouting "Long live Spain!" "Down with the Yankees!" On the way to the consul's residence they hurled stones through the windows of stores and private residences, overturned a number of vehicles, pulled several mounted policemen from their horses and generally behaved in the most threatening manner. Stores dealing in American goods received the most attention from the mob, and the windows of the consul's house were badly shattered, although the police defended the building.

The mob then proceeded in the direction of the United States consulate, evidently intending to stone that building as well, but the authorities had taken the precaution to send a strong force of police to guard that building and another detachment of police was stationed across the streets leading to the consulate. Therefore, when the mob neared the United States consulate, it was confronted by the police with drawn swords. The mob halted and then began pelting the police most vigorously with stones and pieces of brick. The policemen, however, held their ground and a squad of the officers charged the rioters. The latter began firing their pistols at the policemen, two of whom were wounded. This caused the police to charge in a body, and, using their swords with good effect, the rioters were dispersed, yelling and hooting at the authorities and shouting "Down with the Yankees" and "Long live Spain."

The police, who made a number of arrests, experienced considerable difficulty in escorting their prisoners to the depots. During the whole afternoon there was more or less disorder. It was decided to keep both police proper and the gendarmes confined to barracks until further orders, as there seemed to be danger of another outbreak.

The United States consulate is now guarded by a strong detachment of gendarmes armed with carbines, revolvers and swords and they have instructions to protect the consulate at any cost.

Elsewhere in Spain the situation bears a more tranquil aspect, and the question of the action of the United States on Cuba is regarded in a calmer mood.

A report found currency yesterday that the United States minister, Mr. Taylor, had left Madrid, but this proved to be wholly without foundation.

MADMAN AMUCK.

He Shoots Eight Men, Two of Whom Are Already Dead.

BROCKVILLE, Ont., March 10.—A maniac who alighted from the 11:45 train yesterday has shot eight men. Two men, Moore and Boyd, are dead and Chief of Police Rose is fatally wounded. The maniac himself was shot through the body and is now in jail. He made a terrible fight. His name is Lapointe. Policeman Tinsel is shot in the arm. Dave Rough, an Indian, two Stagg brothers and a man named Kilburn are the others wounded.

A large crowd gathered at some distance from Lapointe while the shooting was going on, but none dared approach within range of his deadly weapon, which was a double-barrel breech-loading shotgun. Intense excitement prevailed among the maddened crowd, and it was with much difficulty that it could be restrained from lynching Lapointe on the spot. Lapointe is a hunter, living about 18 miles out of town and an expert shot. He has shown signs of insanity at times. On a former occasion he threatened to shoot his brother, for which he was sentenced to a term of imprisonment.

Cowherds Threaten Shepherds.

DELTA, Colo., March 10.—The sheepmen in the western part of Delta coun-

ty were notified last night by a party of masked cowmen that their sheep must be moved at once or they will be killed. The sheepmen have occupied their present range for 10 years, and their right to it has been gradually conceded. Bloodshed is expected if the cattlemen attempt to carry out their threat.

ROZEL WEISSINGER DEAD.

Death Again Takes a Hand in the Senatorial Struggle in Kentucky.

FRANKFORT, Ky., March 10.—For the second time death has added to the complexity of a senatorial contest that has engrossed public interest in this state for two months, and attracted wide attention throughout the country. The death of Senator Rozel Weissinger of Louisville yesterday removes, besides a distinguished member of the Louisville bar, one of the most active and energetic figures in the senatorial fight; a man who has within the past few weeks defeated Dr. Hunter, the Republican nominee, and successfully baffled every attempt of the followers of Senator Blackburn to secure the re-election of that leader.

The exact political effect of the sad event of yesterday can not be determined, but an election seems more remote than ever. The Republicans now have 68 members of the legislature, the Democrats 67, with a probability of the support of the two Populist members as long as Blackburn is their nominee. Taking into consideration the announced determination of the Republicans to force a vote in the house upon the Dunlap-Kaufman contest case for the purpose of unseating Kaufman (Democrat), the key to the situation seems to be the attitude Lieutenant Governor Worthington, who presides at the joint sessions, will take upon the question of a quorum. If he holds to the decision he is said to have announced when a vacancy was caused by the death of Representative Wilson, that 50 shall constitute a quorum of the joint session, the Republicans, even by seating Dunlap, can count upon only 69 votes, and the Democrats, with the Populists, will have the same number, so that either party may break a quorum at will and prevent an election. If he takes the position that since the death of Senator Weissinger 69 members constitute a quorum, the election of St. John Boyle of Louisville can be accomplished by the Republicans if they seat Dunlap and give the caucus nominee the whole party strength. This session will expire March 17, before a successor to Mr. Weissinger can be elected.

It is almost certain that when a vote is taken in the Dunlap-Kaufman case, Kaufman, the Democratic member, will be unseated. Whether the Democratic senators retaliate or not the Republicans assert that the election of Mr. Boyle is a certainty. The Democrats say they will go into the joint session until an attempt to unseat Kaufman is made. Beyond that the politics of the situation can not be foretold.

At yesterday's joint session there was no attempt to elect. The death of Mr. Weissinger having been announced before 12 o'clock, it was agreed between the leaders that the proceedings be confined to a formal ballot to fill the requirements of the law, but one vote being cast for the nominee of each party, after which no quorum was announced, and the session adjourned.

Afterward both houses reconvened, appointed committees to take appropriate action upon the death of Mr. Weissinger. The adoption of the resolutions drawn up by these committees was followed in both branches by adjournment.

Presidential Pardons Granted.

He has pardoned Nathan Blinn, convicted in Oregon of smuggling and conspiracy, but whose sentence was suspended; F. M. Salisbury, convicted in Oregon of misusing penalty envelopes and fined \$300, and Charlie C. Rose, sentenced in West Virginia to five years in the reform school and fined for passing counterfeit money.

Tax Collector Short and Missing.

BANGOR, Me., March 10.—D. Henry Ervin, tax collector at Presque Isle, Anson county, is reported missing, and an examination of his accounts has disclosed a shortage of several thousand dollars. Ervin had an appointment to settle his collections with the town officers last week, but he failed to put in an appearance, and suspicion was aroused. It is claimed that Ervin's bondsmen will settle the shortage, the exact amount of which is not stated.

NEW YORK, March 10.—Carl Feigenbaum, the murderer, was resentenced yesterday by Justice Smythe to be electrocuted during the week of April 27. Feigenbaum was convicted of the murder of Mrs. Hoffman on Aug. 31, 1894. The case was taken to the court of appeals, where he was denied a new trial.

NEW YORK, March 10.—Andrew Hammersley, the lawyer, died last night at his home in this city. He was 80 years old, and had been suffering many months from a complication of diseases. A brother of the deceased, Lord Hammersley, was the first husband of the present Lady Beresford.

HALE'S HARANGUE.

An Address on the Spanish-Cuban Question.

THE SENATE POSTPONES ACTION.

A Vote on the House Resolutions May Not Be Taken Until April 6. Interest in the Debate Increasing—The House Devotes Most of the Day to District of Columbia Affairs.

WASHINGTON, March 10.—Another stirring chapter in the Spanish-Cuban controversy was added by the senate yesterday. Many senators indicated a desire to be heard on the subject and the conference report, accepting the house Cuban resolutions, went over. In anticipation that the last stage of the Cuban question would be reached, the senate galleries were besieged by the greatest crowd seen since the session opened. All of the public and reserved galleries were filled to overflowing, with long lines of anxious people standing in the outer corridors eager to gain admission. The diplomatic gallery was occupied by Ambassador Paternotre of France, Ministers Mendonca of Brazil, Hatch of Hawaii, Baron Von Kettler of the German embassy, Messrs. Ho and Chung of the Chinese legation, and many of the secretaries, attaches and members of the legation households.

The speech of the day was made by Senator Hale of Maine, in vigorous opposition to this resolution, and to the offensive interference of the United States in foreign questions. The senator declared that the spirit of militarism was abroad in the land; that our course involved the possibilities of war, with all its attendant consequences. Mr. Hale brought out the kindly action of Spain at the time of our civil war, when British-built privateers were prevented from remaining for any length of time in Spanish ports, and when American privateers were abroad they were released by Spanish orders.

A dramatic incident occurred when Mr. Hale offered to read the statement of Minister De Lome of Spain calling in question the accuracy of some of the statements made by Senators Sherman, Morgan and Lodge concerning Spanish atrocities. Mr. Davis of Minnesota quickly objected to the reception of a document from a foreign minister and formally transmitted. Messrs. Morgan of Oregon, Morgan and Teller passed their protest in the same direction. For a time there was some confusion and a prospect of a serious conflict, but the serenity of the debate was restored by Mr. Davis' withdrawal of his objection.

It is expected that the debate will continue to have animated phases. Mr. Hoar offered a resolution postponing all action on the Cuban question until April 6. This resolution will come up under the rules before the committee report, and may form the basis of opposition to an adoption of the house conference report. Another resolution by Mr. Hoar was adopted, calling on the president for all available information on the Cuban subject.

The latter part of the day was given to the Lapointe contest. Mr. Turpie of Indiana, arguing against the claim of Mr. Dupont.

House Proceedings.

WASHINGTON, March 10.—District of Columbia business consumed the major portion of the day in the house. Among the bills passed was one to decrease the cost of gas from \$1.50 to \$1 a thousand.

This was the outcome of a long fight against the gas company.

The consideration of the postoffice appropriation bill was continued, but no important amendments were adopted.

The speaker announced the appointment of Mr. Hendricks (Dem., Ky.) to the banking and currency committee.

A resolution was adopted calling on the secretary of war for estimates of costs of repairing the breakwater at Cleveland.

A bill was passed to change the time for holding court in the northern district of California.

At 5:15 o'clock the house adjourned.

AID FOR ARMENIA.

The Lack of Substantial Funds Now the Main Obstacle.

NEW YORK, March 10.—Yesterday the national Armenian relief committee sent \$10,000 to Constantinople. It is stated by the committee that the distribution of money is now being made among the Armenians, and that at present the greatest obstacle in the work of relief is lack of funds rather than opposition on the part of the sultan.

Mr. Stephen E. Barton of Westbury, L. I., has received a cable dispatch from Miss Clara Barton at Constantinople saying that the Red Cross sent a ship on Saturday a large quantity of relief supplies to the interior of Armenia, to go by caravan by way of Akko and Haifa to the Mediterranean. Miss Barton has forwarded funds to Haroot, Sevan and Marash, and the reports from the interior indicate that the needs of the suffering Armenians are increasing.

THE WEATHER.

Increasing cloudiness, with showers in northern portions; warmer; southerly shifting to westerly winds.

Sun rises, 6:19; sun sets, 6:02. Moon rises, 4:10 a. m. Day of year 70.

The frantic efforts of the editor of the Ledger of late to get on the g. o. p. band wagon are amusing.

KENTUCKY Republicans are having a hard time to find a Senatorial candidate who is sound on the money question. The views of St. John Boyle, their latest nominee, are now questioned.

That new Mayor and new City Council at Louisville are having a hard time "reforming" things. The Mayor wanted to fire all the Democrats on the municipal boards, but the courts informed him that he didn't have any power to do so. Council reduced the salaries of the Democratic officials, and now the court rules that the ordinance making the reduction is illegal.

What a crying shame that Maysville has no workhouse, and that Kentucky has no house of correction for depraved children.

Harry Brown, aged about twelve years, is a familiar figure on our streets. He is a persistent beggar, a chronic kleptomaniac, and never hesitates to "lift" anything he can carry when the owner's back is turned.—Puldic Ledger.

Unquestionably a workhouse is badly needed in Maysville, but if we had one it would be a "crying shame" to place therein such unfortunates as the child named Harry is not "aged about twelve years;" he is only about seven. He has been an epileptic most of his brief life; not a day passes that he does not have several fits. His mother is afflicted in the same way. She is the unfortunate woman who was so terribly burned a year or so ago while suffering from one of these attacks. The case is a sad one, such unfortunates as the child named ought to be in a home for epileptics. As far as his begging is concerned, his father tries to prevent it, and he asks the people of Maysville not to give his child any money as the little fellow invariably spends it for candy, and the eating of candy only aggravates the disease with which he is afflicted.

A CARD on the outside of office door says: "Gone to lunch. Be back in ten minutes." And the man will be there on time. That is, for some days, weeks or even months, he will. Then he will be at home occasionally for a day. He'll tell you he had a headache—a turn of cholera morbus, or maybe he'll say he had a lump in his stomach and felt too miserable to move. The lump was probably two or three ten-minute lunches condensed.

SENATOR WEISSINGER DIES,

And No Attempt Was Made Monday to Elect a Senator—News From Frankfort.

A special to the BULLETIN at 1:15 o'clock Monday, from Frankfort, announced the sudden death of Hon. Rozel Weissinger, a member of the State Senate. He represented one of the Louisville districts and was one of the ablest and most prominent members of the present Legislature.

Senator Weissinger was taken sick last Thursday, with pneumonia. His condition did not become alarming until Monday morning. He had played a more important part in the Senatorial contest than any other member of the General Assembly. To him was due the credit of arranging the pair with Senator Stege after Mr. Wilson's death, thus preventing the election of Dr. Hunter, and he constituted the backbone of the opposition to Senator Blackburn.

As a result of Senator Weissinger's death, the joint ballot for Senator was, by agreement, merely formal. Senator Adams voted for Boyle and Senator Bronston for Blackburn. The others failed to respond to their names, with the exception of Poor, who voted for Pettit, in order that the Populists might be represented. The session was then adjourned until to-day at noon.

Committees were appointed in the House and Senate to prepare resolutions in respect to the late Senator Weissinger, and the House also appointed a committee of six to accompany the remains to Louisville and attend the funeral.

The vacancy caused by the death of Senator Weissinger can not be filled in time for the new Senator to take his seat. The law requires eight days' notice for such an election, and the Legislature ends by constitutional limitation March 17.

Senator Weissinger's death makes the Joint Assembly stand 69 Republicans, 68 Democrats and two Populists.

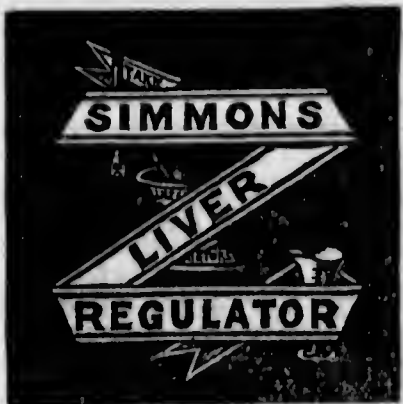

The opinion is almost unanimous among the lawyers at Frankfort that it takes seventy members to make a quorum at any time during the joint session. If Lieutenant Governor Worthington rules this way, and there is little doubt that he will, either party can break a quorum any day now by abstaining from voting, although but 69 are necessary to elect if a quorum is present and voting. This makes any election of Senator impossible unless some Democrat votes with the Republicans, or vice versa. The position of Poor will no longer be so important.

Republican activity now seems directed solely to prevent the election of Blackburn. It was given out that if it came to a contest between Blackburn and Carlisle the Republicans would vote for Carlisle. A few Republicans, headed by Lyons, a free silver member, declared that if any attempt was made by the Republicans to stampede to Carlisle they would vote for Blackburn. A significant fact, however, is that the silver vote that could be swung from the Republicans to Blackburn is less than the Democratic force likely to follow Carlisle. The Secretary's friends say that he will have twenty-five Democratic votes, some placing it as high as twenty-nine, and they now look for his election, or no election at all.

FIRE AT FLEMINGSBURG.

The Times-Democrat Office, Cox's Drug Store and Other Houses Get a Scorching.

Flemingsburg was visited by a fire Monday morning that for a time threatened the destruction of an entire block in the heart of the city.

The flames started in the building occupied by the Times-Democrat and Cox's drug store, and was probably caused by some one throwing a cigar on second floor among some rubbish. It had smoldered all night it is thought, and at 5:35 a. m. when discovered, it burned through into the drug store and also burst through the roof.

The back roof fell in before the steam engine could get to work. Two streams from the engine soon had the flames under control.

Mr. H. Duley, owner and editor of the Times-Democrat, estimates his damage at about \$500. His loss is fully covered by insurance, as he carries a policy for \$1,200 in the Caledonian. Mr. Duley is a brother of Mr. John Duley, of this city, and has many friends here who are glad his loss is no greater.

Other parties were damaged as follows: S. W. Cox, druggist, \$1,200; C. J. Sutton, grocery, \$1,200; J. H. Plank's building, \$1,200.

An acceptable gift—barrel of Old Gold.

FREE PUBLIC LIBRARIES.

To What Better Purpose Can the Public Money be Put?

Free libraries are to adults what free schools are to children. They are opportunity. No one who has a good book to spare can make it so serviceable to his fellows as to send it where it will be within the reach of all. In a late address delivered by President Dreher, of Roanoke College, at the opening of the Plumb Memorial Library, at Shelton, Conn., he said that the free public library movement had its first great impulse, in 1849, in the legislation of the State of Massachusetts permitting the city of Boston to levy a tax for that special purpose. The city was only allowed to spend \$5,000 a year. But the heaven has spread itself wonderfully. Last year Boston appropriated \$200,000 for free libraries. To what better or more benignant use can the public money be put?

James Russell Lowell has felicitously said on this subject: "The law calls only the earth and what is immovably attached to it real property; but I am of the opinion that those only are real possessions which abide with a man after he has been stripped of those others falsely so called, and which alone save him from seeming and from being the miserable forked radish to which the bitter scorn of Lear degraded every child of Adam. The riches of scholarship, the benignities of literature, defy fortune and outlive calamity. They are beyond the reach of thief, or moth or rust. As they can not be inherited, so they can not be alienated. But they may be shared, they may be distributed; and it is the object and office of a free public library to perform these beneficent functions."

Best of All.

WORK OF MEDICAL STUDENTS.

Chicago's Supposed Double Murder Mystery Fully Explained.

CHICAGO, March 10.—Late yesterday afternoon Mrs. Cummings, of 313 Fort-street, identified the dead body of the man found in a barrel Sunday with the corpse of an infant as that of her husband. He had been an inmate of the poorhouse for two years. The police have abandoned the theory of murder, it being known that the mutilating was done by medical students.

After Cummings died in the poorhouse the death was advertised in the usual manner, but he had gone to the institution under an assumed name and the body was not claimed. It was then, according to custom, sent to a hospital—the Hering medical hospital being the recipient. The students finished their work with it and an expressman was paid to take it away. He was too lazy to bury it and dumped the barrel where it was found.

Regarding the body of the infant the hospital authorities say that some time ago John McDonald called at the hospital saying that he had the body of a baby which he would donate to the hospital. A boy was sent with the man and brought back the body. It was also given to the expressman to be buried with that of Cummings. The police are looking for the man as they think the infant was murdered. McDonald was found last night and proved that the child was his legitimate son and had died from natural causes. He was released.

INVESTIGATION DEMANDED.

Ohio's Food Commissioner Charged With "Irregularities."

COLUMBUS, O., March 10.—At the request of State Dairy and Food Commissioner McNeal, the house yesterday evening adopted the senate resolution and appointed a committee to investigate the "charges of irregularities" made against certain attaches of his department. An affidavit was presented to the committee by A. J. White, president of the Prodigious Food company of New York, in which Mr. White states on May 16, 1895, he paid to Ames Dye, an attorney of the food department at Cincinnati, five \$1,000 bills in consideration of which the prosecutions against the sale of Pascola were to be stopped. Mr. White states that no prosecutions on account of the sale of Pascola have been made in this state since the payment of the money to Mr. Dye.

Last night the committee permitted informal statements to be made by Dr. McNeal and Messrs. Dye, Lubbing and Sterritt, in which an emphatic denial was entered to the charges made by Mr. White.

Fire in Pittsburg.

PITTSBURG, March 10.—An East End fire yesterday destroyed a block of 16 houses on Amelia street, rendering 10 families homeless and causing a loss of \$50,000. The fire originated from a defective flue and spread so rapidly that the occupants barely escaped with their lives and lost all their household effects. Captain Fred Beckett of Engine company 16 fell 20 feet and was seriously, but not fatally injured.

Desperado's Body Stolen.

BELLEFONTE, Pa., March 10.—The body of William Ellinger, the Center county desperado, who murdered Constable John Barner on last Thursday

rather than submit to arrest, and then blew his brains out while his house, which had been fired by order of the sheriff in order to drive Ellinger out, was burning, was stolen from the grave Sunday night. It is supposed it was removed by students.

Republican Congressional Convention.

ATHENS, O., March 10.—The Republican convention met here yesterday D. M. Massie of Ross county and Jeremiah Carpenter of Meigs county were chosen delegates and C. A. Cable of Athens and S. W. Pascoe of Perry county alternates to the national Republican convention. L. D. Vickers of Logan was nominated presidential elector. C. Giesbrecht of Athens was nominated by acclamation for congress.

Mormons to Get Their Property Again.

WASHINGTON, March 10.—Senator Hoar, from the committee on judiciary, has reported a substitute for Senator Cannon's joint resolution regarding the property of the Mormon church in Utah, which was seized under the Edmunds act. The substitute merely grants and conveys the church property held by receiver to the church after the payment of the expenses of the receivership.

Hotel Proprietor Suicides.

HAVESIDE, O., March 10.—John Feinthal, proprietor of the Frammer hotel, shot and killed himself in his bathroom at the hotel. He borrowed \$4,000 to remodel the hotel, and financial embarrassment and assignment were staring him in the face. He was found by his wife, covered with blood and unconscious.

CINCINNATI TOBACCO MARKET.

No Change the Past Week—Good Market Expected This Week.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

The tobacco market has shown no change the past week; prices have been more regular than for several weeks past, and while our market may be considered low, still prices compare favorably with all other products, and unless there is a general resumption of trade in all branches we cannot expect any better prices than those obtained at present. There is a surplus of about 7,000 hbls. in our market over one year ago, and there can surely be no shortage in fully supply the demand of the manufacturers, especially of old tobacco, and the holders can not expect to gain very much in the future. The sooner they close out their goods the more they will make. There is a disposition upon the part of the buyers to purchase tobacco with color, either old or new, and this class of tobacco is doing much better than any other grade. Also, the best grades of plug stock are in better demand and prices are quite firm, while low grades and nondescripts are neglected and prices fluctuate considerably on these grades.

There is very little tobacco being bought in the country by the dealers, and the largest portion of the shipments are from the growers, and while prices are below the general expectation, most of them are selling. The sales opened on Tuesday at about the same prices of one week previous and continued through the week, and closed on Friday fully up to Tuesday's sale. There appears to be a disposition now upon the part of the shippers to offer more tobacco on Tuesday and Friday, as the small sales seem to do better than the overcrowded sales of Wednesday and Thursday. We have some new buyers in our market and we feel that we will have a good market the coming week, as all of the buyers show a disposition to watch the sales closer, and that always causes more competition.

The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."

Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal Church for fifty years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at J. James Wood's drug store.

A VERY large acreage of tobacco will be set in this and other counties of Eastern Kentucky this season, says the Grayson Bugle, and we fear the error of last year will be repeated—too much, too late and badly frost-bitten. Why not set about half as much, getting it out early or not at all, cultivate it well, keep it free from worms, raising a valuable article and getting twice as much per pound for it? A good suggestion, but will the farmers listen to it?

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

BAD TIMES?

Well, we should say so. Those clocks and watches are too badly out of fix to be of any use. They've lost their time entirely. You'll lose your time, too, if you're not provided with good clocks and watches. We have a full supply of both, all accurate time-keepers and in perfect order. Better watches than ours are not manufactured. Whatever the price of any watch we carry, it's the best of its kind and a full value, but a cheap one; get the best; get ours.
